Presented by  
North GA National Bank "Carry Ons"  
and Leisure Time Charters & Tours

## September 10, 2009

Join us as we do a little exploring south of Atlanta. First we visit Conyers, GA, location of the Monastery of the Holy Spirit. We will have a tour of their beautiful church, greenhouse (famous for their Bonsai) and a short film telling the story of the Monastery.

Next we visit the famous Blue Willow Inn, where we will have lunch and where no one is allowed to leave hungry. Enjoy the feast of Southern Salads, meats, vegetables, breads and desserts. Along with your meal, enjoy sweetened iced tea, the "Champagne of the South".

After lunch, we will visit the Blue Willow Village, new home of the Gallery of Creation. This gallery is one of the most awesome and entertaining Museums of Natural History in the country. The Gallery is owned by Joseph Hurt Studios, Inc. "Sight and Sound Theater" is but one of many clients of Joseph Hurt Studios. One of the main attractions of The Gallery are the realistic, artificial, talking, robotic animals. Also in the Village is Georgia Originals, a 1950's soda fountain, vintage toys and much more. The museum and nine shops offer a unique experience.
